

Cohere API:

The screenshot displays the Spec Hub web application interface, which is used for testing REST APIs. The top navigation bar includes the Spec Hub logo, a description of the tool as a single source for API design and governance, and a 'Try Spec Hub' button. The main interface is divided into several sections:

- Left Sidebar:** Contains a 'COLLECTIONS' section with a list of API endpoints, including 'POST 09 - Output Dimension 1024', which is currently selected. Below this is an 'ENVIRONMENTS' section.
- Top Bar:** Shows the current API endpoint 'POST 09 - Output Dimension 1024' and a 'Save' button.
- Request Form:** A form for constructing the HTTP request. The method is 'POST', and the URL is '({base_url}) /v2/embed'. The 'Body' tab is active, showing a JSON payload:

```
{  "model": "embed-v4.0",  "texts": ["This is a test document."],  "input_type": "search_document",  "output_dimension": 1024,  "embedding_types": ["float"]}
```
- Response Section:** Displays the response status '200 OK' with a response time of '364 ms' and a size of '4.89 KB'. The 'JSON' tab is active, showing the response body:

```
{  "id": "0c91cb74-5a77-4b86-8d86-96a871d7689e",  "texts": [    "This is a test document."  ],  "embeddings": {    "float": [      -0.018774202,      0.035061754,      0.0050043813,      -0.00024089414,      -0.0061855395,      -0.027228808,      -0.070620835,      0.0469781047    ]    }  }
```
- Right Sidebar:** Contains a 'New Chat' section with a text input field and a 'Send' button.
